There's Nothing Finer...

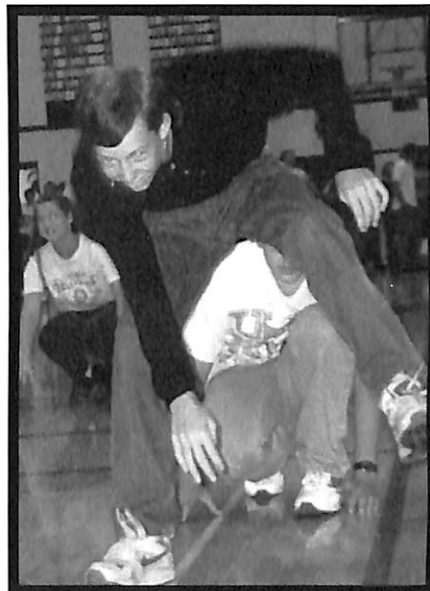

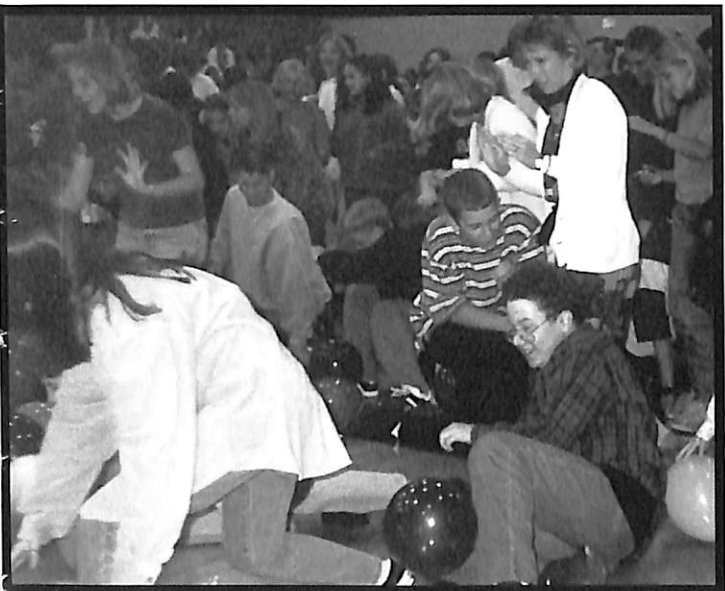

WELCOME WEEK

It was a week of games, homeroom challenges and fun! All of the Grade 9 homerooms went head to head to see who could obtain the most points. Points were given out for participation, and the place of the class. The games were everything from finding a lost shoe, to relay races and popping balloons. All of these games brought the older students to the crowds to laugh and cheer on the new SCI&TS students. This SCI&TS tradition is the perfect way to welcome those minor niners!

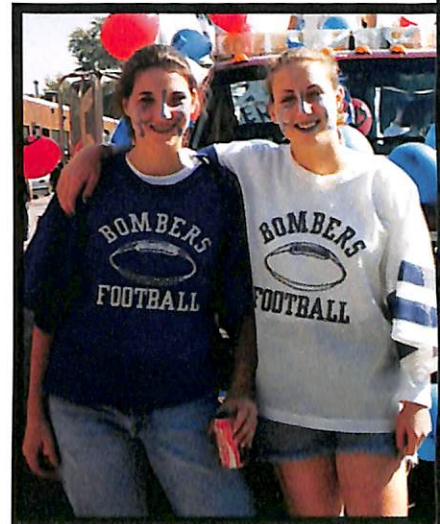

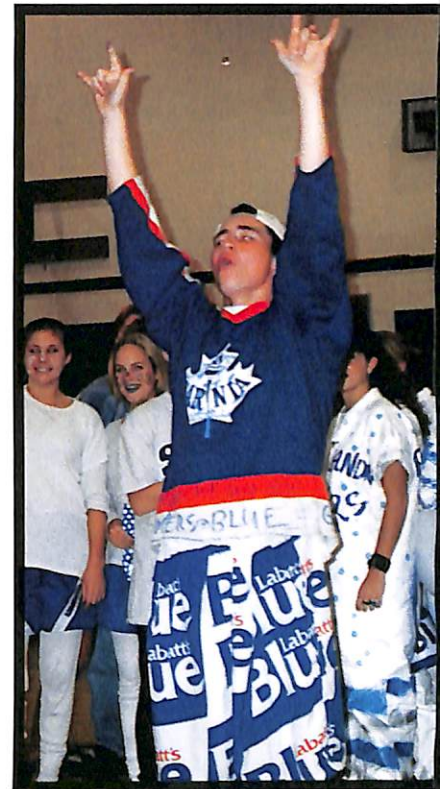

Than Being A Minor!

BOMBERFEST '95

Bomberfest '95 showed what the mighty Blue Bombers are made of. Starting with the traditional pep rally in the gym, a crowd of blue and white faces showed their spirit. They then followed the colourful parade down Christina St. to Norm Perry Park where the bombers battled the St. Pat's Fighting Irish. SCI&TS students and fans cheered for the blue and white team. To end the day, the GAA/BAA held a dance in the gym. Way to go Blue!

MILK DRINKING CONTEST

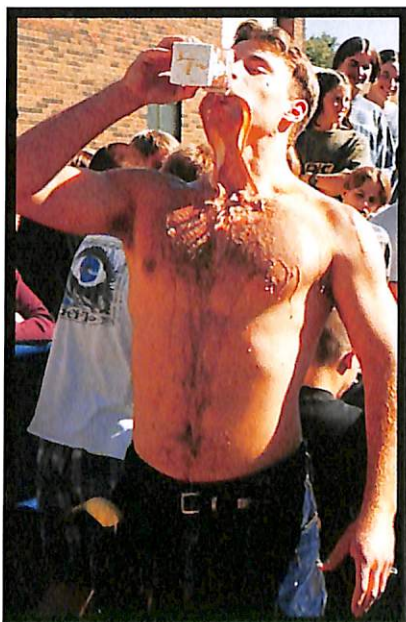

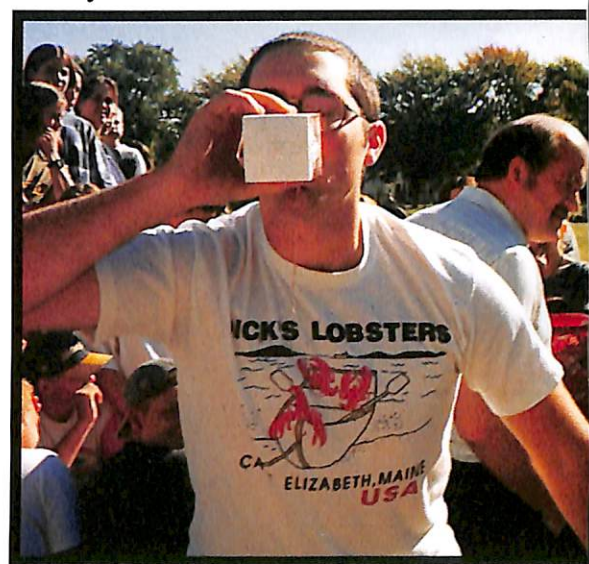

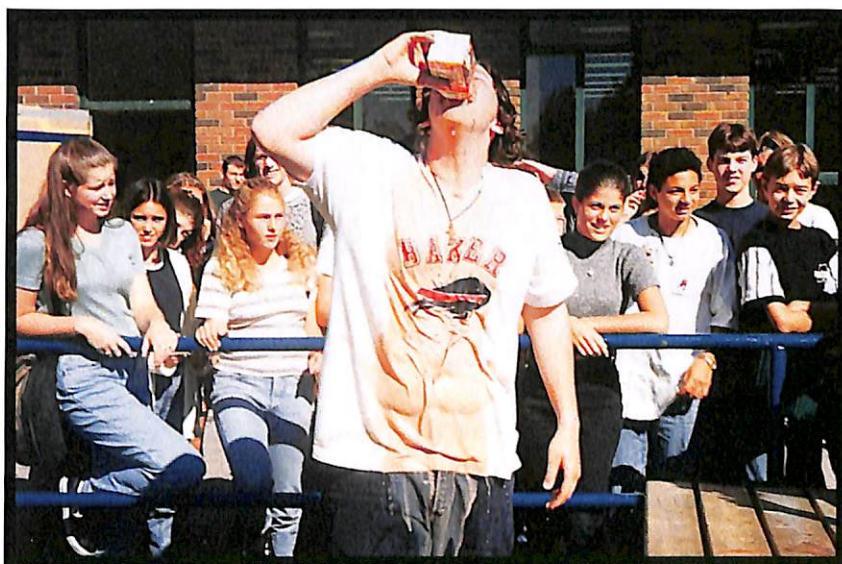

The Milk Contest began on October 2, 1995. The goal of the contest was to drink 2104 litres of milk to qualify for a Mega Milk Dance Party. The Student Council devised certain contests to encourage the student body to drink up, including Homeroom Challenges. The first challenge, a Milk Carton Count, was won by Mr. Yorke's 12G. Mr. Shuster's

12J won the second challenge for buying the most milk and cookies. Both homerooms won a PIZZA PARTY!

Also, empty cartons were drawn and winners received prizes such as cow boxers, milk bottles, Dance Mix '95 CDs, inflatable cows, posters and stickers. We qualified for the Mega Milk Dance Party on November 10, 1995. Way to go, Blue!

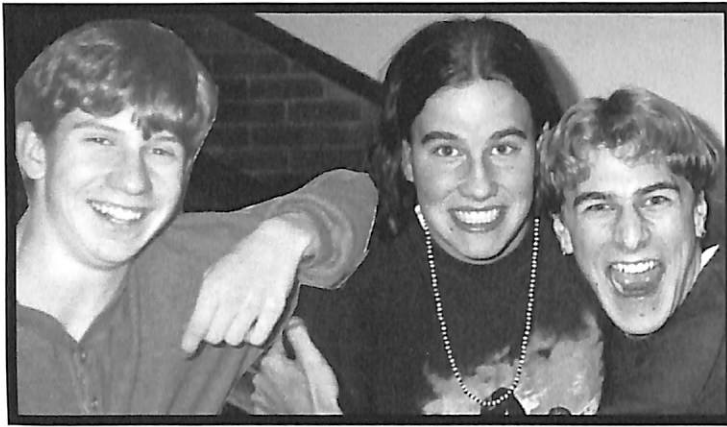

Clockwise from above: Ryan Hewitt, Scott Rawcliffe, Andy Cadieux, Sean Rodgers, Calvin Hayes.

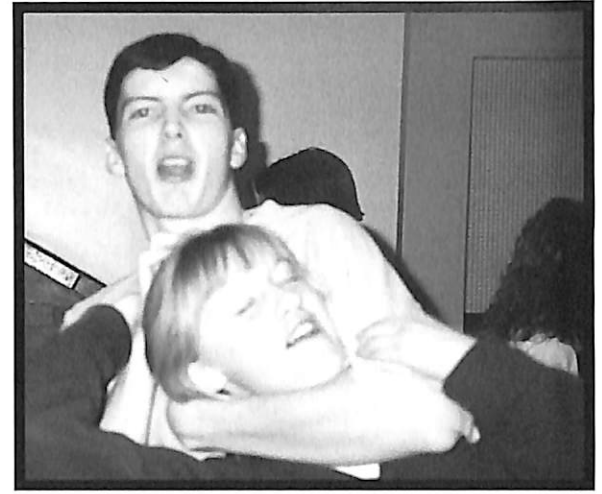

MILK CHUG CONTEST

The Milk Chug was a contest between the Junior and Senior Football teams. The Junior Team was short one drinker, so Sean Rodgers volunteered to participate. He won for the Juniors without spilling a single drop!

MIRAGE OF

*P*aris here we come! The annual GAA fashion show was held in May of 1995 in our auditorium. This year's theme was "Mirage Of Fashions" featuring spring and summer casual and formal clothing for men, women, and children. The show was a great success with proceeds to Bethany House and the Girls' Home.

7 AROUND THE SCHOOL IN 1995-96

Welcome to SCI & TS and the school year 1995-96.

Every year has its memorable moments and its memorable faces.

We have chosen just a few for this page.

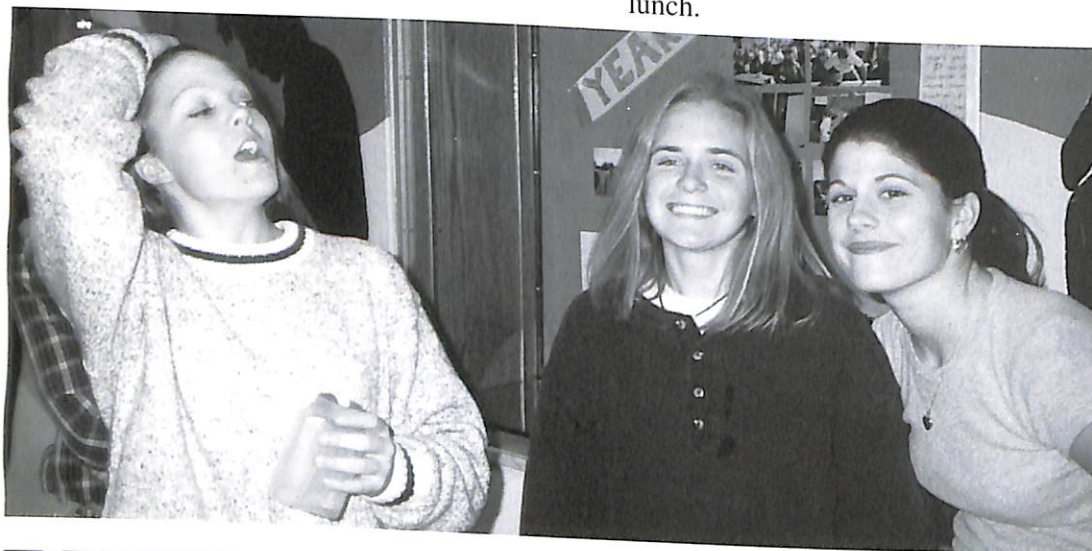

Jenny Gilbert shows off her dimples in the photo at top right.

In the group of photos below, Shelley Johnson, Julie Levan, and Marcie Wilkins pose for the camera at top left.

Still below, but top right: a camera-shy Sam MacLeod balks at our roving cameraman.

Below, bottom left: Karis Lasenby, Harmony Simmons, and Diane Finley "ham it up" for posterity.

Below, bottom right: Amy Dibrita finds a quiet spot in which to eat her lunch.

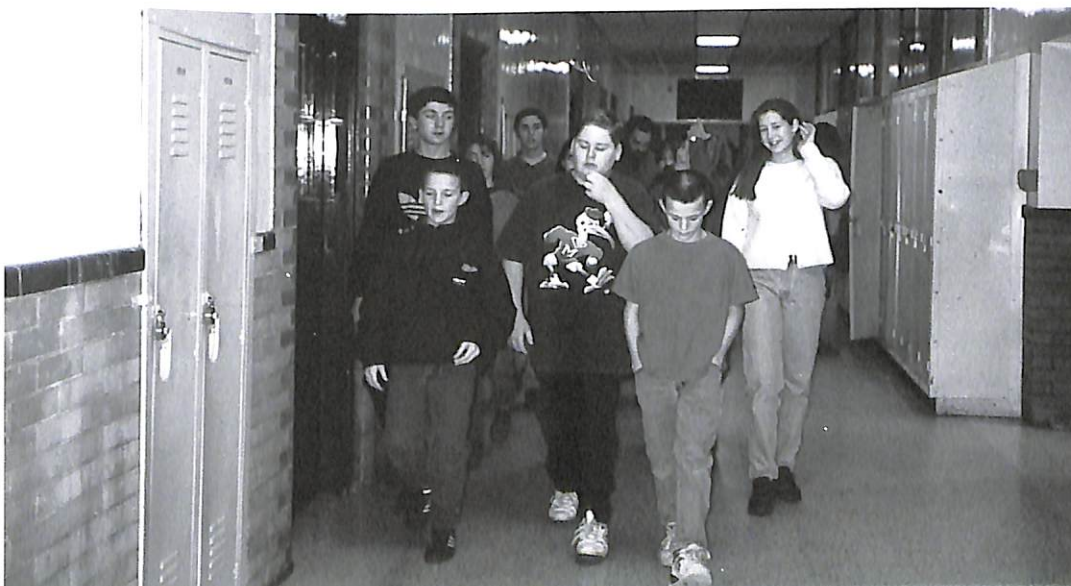

Above left, Angela Maxwell protests this photo shoot.

Above, one of our adult students, Mike Trombley, discusses politics with our local M.P. Roger Gallaway-- and "mike" gets carried away.

Nick Douglass and friends, left, enter the school via the construction site for the new elevator.

Below left, Kevin (left) and Keith Mackey (right) lead a group of friends, including Nicole Spence, down the hall during lunch break.

Honoured Guests, Teachers, Relatives, and Fellow Graduates:

I am very honoured to deliver this address on behalf of the SCITS graduating class of 1995.

It is hard to believe that four or five years have passed since we, as grade nines, were being welcomed into the life of SCITS by participating in special activities planned just for us...like walking around with paper bags on our heads or pushing pennies across the gym floor with our noses. . . .

Among the many people who have influenced our lives and helped us to move closer to achieving our goals and dreams are, first and foremost, our parents. We would like to offer a very special thank you to our parents, who so faithfully supported and encouraged us not only in academics but in our participation in extra curricular activities. . . .

To our teachers, you are a special group, to whom we are especially grateful. Many of our teachers not only

taught us what we needed to learn in the classroom but also became our team coaches, our staff advisors for clubs and our role models. I think we all learned to be keeners from Mr. B E double N E double T. Many of us enjoyed learning the skills of parenthood by taking on the responsibility of "caring for an egg" under the direction of our history department teachers—Mr. Burrows, Mr. Capes, and Mr. Garrett. Whenever we see a "slinky" we will fondly remember Mr. Shuster's travelling and standing waves. Many of us have unforgettable memories of our Music Department trips to such wonderful places as Chicago, Toronto, and New York, all arranged by our very capable and talented music teachers—Ms. Catton and Mr. White. No one brought french to life like Mr. McLellan did. And as members of the sticker club we all enjoyed Mr. Harris's OAC Biol-

ogy. Each one of our teachers have touched our lives and influenced our learning in their own special way.

We would like to thank Miss Gander for keeping the office running so efficiently. And to our own special Rudolph the red-nosed reindeer, Mr. Hunter, thank you for being the kind of principal who genuinely cares about the best interest of the students.

To our team coaches, we appreciate the many, long hours you have devoted to teaching us, not just the skill of the game, but the importance of commitment, determination and sportsmanship. . . .

To the cafeteria staff, thank you for making our lunch time more interesting by putting that special ingredient in the food that makes it fly whenever the teacher on duty leaves the cafeteria.

Recognition would not be complete without recognizing the importance of the friendships we have developed. We appreciate our friends who were there to laugh with us and help us to pick up our books as we (and I'm sure we all did it at least once) fell up those wonderful stairs in our haste to get to class on time. . . .

As graduates, each one of us will take with us a piece of Sarnia Collegiate—through our fond memories of our teachers, our friends, our friend's parents, and our experiences. At the same time, we will all leave a piece of ourselves because of the SCITS traditions we have participated in. . . .

No matter where our dreams take us, no matter where our paths lead us...we will always be a part of SCITS tradition. Whether we enter the work force, enter college or university or return for OAC's we will always be.....S.C.I. & T.S. BLUE BOMBERS!

Left: Shad Richards, Jeremy Guerette, Ryan MacMillan, and Ryan Douglass between classes.

Below left: Adam and Eric Bogaart (or is it Eric and Adam?) cheering our football Bombers.

Below right: The one and only Craig Hunt doing his thing.

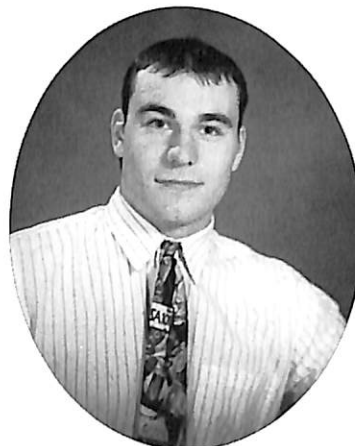

Leticia Munsterman

Tish likes what Rick Reagan likes...Trix Cereal. Leticia will be attending college next year. Her favourite football team is the Dallas Cowboys. Leticia's favourite teacher is Mrs. Finch.

Stewart Nowasad

Stewy loves the Boston Bruins, Froot Loops and his favourite teacher, Mr. Strang. Stew-Dogg is hoping to achieve a scholarship to an American university for hockey.

Craig Stewart

Craig is the leader of the pack. He doesn't eat cereal; he eats CHAINS. His favourite hockey team is the Toronto Maple Leafs and his favourite band is ZZ Top. Craig is most likely to succeed because he is the "leader of a big bike gang." (Right!)

Nicole Howes

Howie likes the band the Cranberries and the cereal Captain Crunch. Nicole will be attending Brock University next year for accounting. She also has the high hopes of being far, far away from the Public Library.

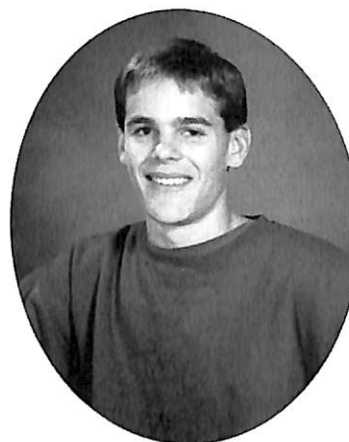

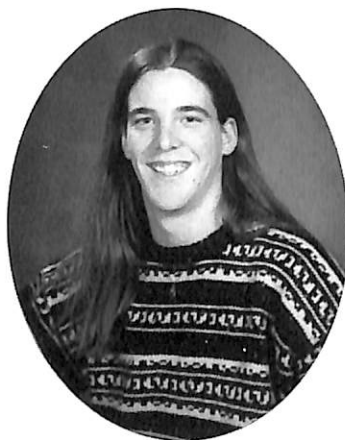

Kevin Hayes

Kevy's biggest plan for next year is to lose his virginity. Kevin is a big fan of the St. Clair Colts football team. Kevy likes to relax in the evenings by listening to some Vanilla Ice classics, such as Ice Ice Baby, play the funky music, bla bla.

Scott Grant

Scotty G. has many favourite things, such as the Toronto Maple Leafs and the SCI&TS band. Scott's favourite math teacher is Mr. Caraher, because his classes are never boring. Scott's plans for next year include post-secondary education.

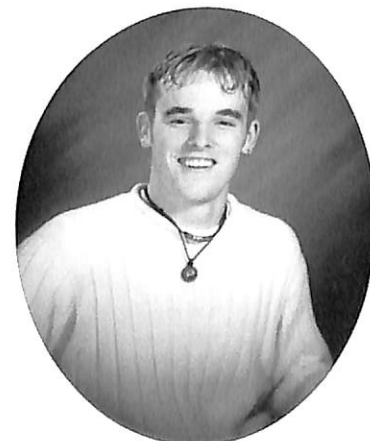

Jen Verwey

Jen, also known as Yen, is a Rice Krispies girl. She is the biggest Roxette fan in the world. Her favourite hockey team is the Detroit Red Wings and her favourite teacher is Mr. Yorke. Her plans for next year are to attend college for accounting.

Andrew Merrick

Yankee, whose favourite hockey team is the New York Islanders, will be attending the University of Michigan next year. Andrew wishes he could dress like Stewart Nowasad, and thinks Nick Eagan is hilarious.

Shannon Sexton

Shannon, otherwise known as Blondie, plans to attend college next year. She really likes the marshmallows in the Lucky Charms cereal and the band, U2.

Cory Ireland

Cory cannot decide if he wants to go to college next year or come back to SCI&TS. His favourite band is the Tragically Hip and his favourite hockey team is the Montreal Canadiens.

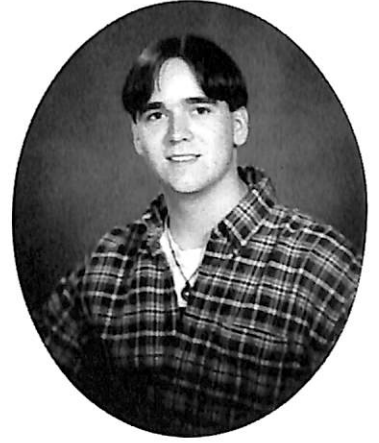

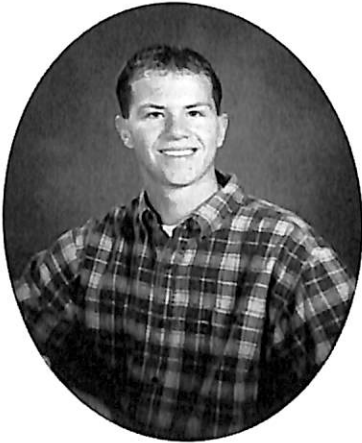

Bryan Rogers

Next year "Dobber" wants to go to University of Michigan, but might have to go to Windsor because his basketball and football scholarship may not pull through. His favourite band is Weezer. Bryan sees himself as most rebellious because he's "one bad Mutha."

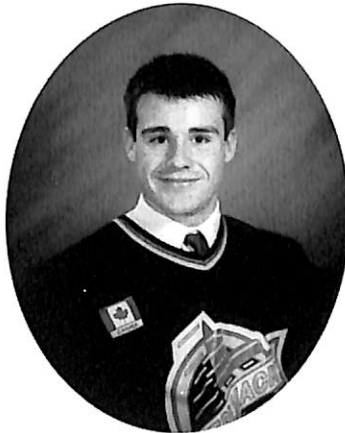

Aaron VanGaver

"Frank," who loves Froot Loops, is a big Red Wings fan. Aaron plans to attend the University of Guelph for Biomedical Toxicology. His departing words are: "Veni, Vidi, Vici."

Nick Eagan

Nick, also known as Rick Reagan, likes the cereal Trix for a healthy and balanced breakfast. Nick's favourite teacher is Mr. MacNamara. Nick also wishes that he could look like Andrew Cadieux.

Tricia Snelgrove

"Trish the Dish" loves Cheerios, Ms. Catton, and Krunk (ha, ha!) She is planning to attend Wilfred Laurier University next year for Anthropology. Her departing words are: "Drink life to the lees."

Shawn Easter

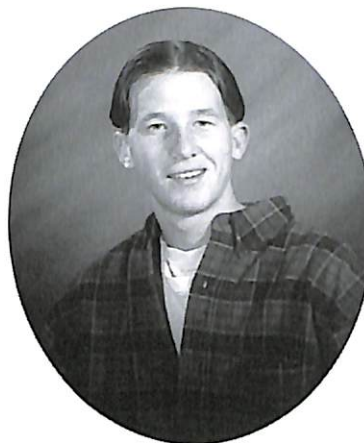

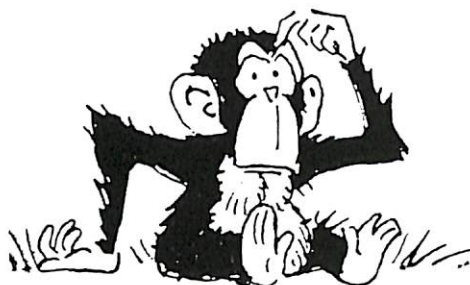

Also known as "Bunny," Shawn will eat whatever he gets served for breakfast. He is a big fan of the Detroit Red Wings and the band, The Doors. Don't worry about Bunny; he will be attending college or maybe he will come back.

Kimberly Burgess

Kimberly, also known as "Sausage," likes the Montreal Canadiens and the band, REM. Also, she likes the cereal Cheerios. Her plans for next year are to leave SCI&TS.

AND THE RESULTS OF OUR POLL ARE IN...

MOST LIKELY TO SUCCEED.

I really don't like hockey

There's snow on the ground
There's no leaves in the trees
I really don't like hockey.

There's ice on the road
There's a really cold breeze
And I really don't like hockey.

It's even cold in my house
Now what's up with that
I really don't like hockey.

Soccer's my game
but it's too cold for that
And I really don't like hockey.

Yes I'm Canadian
But what does that mean
I really don't like hockey.

I prefer when
The grass is green
And I really don't like hockey.

It takes up time slots
When my shows should be on
I really don't like hockey.

I can play soccer
When the snow's all gone
And I really don't like hockey.

Summer Sleep

Living in the cool envelope
of smooth sheets,
I wait for my sleep.
Curling and sprawling,
wishing for a pale numbing,
hand to stroke my forehead
and gently drag my eyelids
down into dreams.

But it does not come,
and I am alone
in a black bedroom
crowded by my thoughts.

If I could break
the waking cycle,
if I could shake
my heavy head,
worries flying away
like drops of water
from a sleeky swimmer's crest.
Abandoning my mindscape
to the gentle tanny sleep,
I sink into the cool, ruffling,
velvet sleep of dreams.

The Future

By: April Arseneau

Where will I go?
What will I do?
When will I leave?
The future's mine.
It's all up to me.
How should I do it?
When will I start?
Will it be hard?
I'm not sure of this.
What the future holds
I cannot see...
the answers to these
questions can only be
answered by me!

The Price of Winning

Legs screaming for no more pain
Lactic acid fills the brain
Sweat, Grit and Perseverance
You cannot stop the trance
Insanity overtakes the mind
Making your vision blind
The wheels keep spinning
You keep madly grinning
The finish line nears
And you hear the jeers
Alas, the race is done
And you have won.

Raindrops

Falling on the windshield
steady, insistent
obscuring my vision

Steaming across the glass
quietly invading
the window of my heart

Touching my grieving
quietly releasing
gentle, falling tears

The raindrops of my heart.

Drama Club presents Scrooge

This year's production, under the direction of Mr. Dan White, was held the week before Christmas break. At the right, Randy Pretty, Cathy Ruthven, Len Johnson, and Rae-Lynn MacLean are seen rehearsing their lines. Centre: Left, Mike Hillier played Jacob Marley; Right, Wulf Von Waldow, as Scrooge, meets Keith Carpenter, the Ghost of Christmas Yet to Come.

Bottom: Left, Curt Reeve, as Bob Cratchit, gets a makeup treatment from Suzanne Fortin; Right, Matt Brouwer, Rae-Lynn MacLean, Julianne Shelley, Wulf Von Waldow, and Tracie Scott prepare for their roles.

The staff and crew of this production were innumerable, including Mr. Yorke's marketing class, Esther Tebbens with makeup, Production assistants, Denis Murphy and Susan Hill, Anita Hobbs with choreography, and the pit band, under the musical direction of Tessa Catton. Kudos to all!

Top: Left: The Cratchit family; Jessica Henderson, Mike Little, Courtney McPhail, Stacey Dowswell, Nicole Howes, and Curt Reeve; Right, standing, Lesley McBeth and Stacey Dowswell; seated, Tracy Scott, Heidi Taylor and Mackenzie Pole.

Centre: Left, Cathy Ruthven, Randy Purdy, Len Johnson, Rae-Lynn MacLean, Wulf Von Waldow and Jessica Henderson rehearse for the big day. Right, Scrooge (Wulf) meets the Ghost of Christmas Past (Sarah Lalonde).

Bottom: By himself, Tiny Tim finds a quiet moment. Joseph White (young son of Dan) made his screen debut in this production of Scrooge. Does he have a future on the stage?

The cheerleaders are a great bunch of girls. They are both hardworking and very determined to put more spirit into our school. Cheerleading is not just a seasonal sport. All year round, we do charity events such as raising money for the Heart and Stroke Foundation and the Lung Association. Even in the summer you may hear of us doing a car wash in order to raise money for the team. We had a wonderful turnout this year and I am hoping that next year the turnout is just as good - if not better. Keep up the good work, Cheerleaders!

Booster Squad

The Booster Squad is a group of outgoing Blue Bomber fans who get together every year to assist the cheerleaders for the homecoming football game. These two groups both help to get the Blue Bomber student and teacher population "pumped" for the homecoming game. Due to an extremely large booster squad this year, we were unable to list all the members. However, below we have selected a few pictures to show our "True Blue Bomber Spirit".

They Shoot & They Score

The annual SCI&TS Teachers vs. Students hockey game was held just before the first semester exams in January. A sparse crowd showed up for the match in the Sarnia Arena.

The teachers, wearing the white had an early lead with a goal by Mr. Gray 49 seconds into the first period. Shawn Easter for the students in blue answered back two minutes later to tie the game up at 1.

With two minutes left in the first of three 10 minute periods, the teachers regained the lead to make it 2-1. Paul Knapp tied it back up with 54 seconds left, and the students added another, 10 seconds later, to take the lead. To make it three goals in less than a minute, the students added a third goal that hit the post and was banked off the back of goalie Megan Pugh's leg with 9.1

seconds left on the clock. After the first period, the students were leading 4-2.

Scott Driver had a goal at 2:42 in the second for the students. The teachers scored again at 6:45, and basketball coach Mr. Mackay, one of two players (both teachers) in the match without a helmet (Mr. Allen being the other) had a breakaway and added another goal at 7:21. After two periods of play, the students were still leading 5-4.

The teachers tied it up at 6:05 in the third with a two-on-one breakaway, but the rest of the game was dominated by the students. Driver sank another puck into the five hole after snatching it off the opposition's blue line at 6:47. With two more goals at 6:04 and 3:58, the students took the win 8-5.

Champs Once Again!

Under the guidance of coach, Kevin Simmons, the SCI Jr. Girls' Soccer Team claimed the LSSAA pennant for the 2nd consecutive year. "Enthusiastic niners" joined the "experienced vets" to come up with a winning combination. The girls started the season by capturing the Challenge Cup and just got better and better as the season progressed. Determination, superior skills and great teamwork were the keys to success. The team was absolutely "brilliant" in their 4-2 defeat of the LCCVI Lancers to win the LSSAA championship. We're proud of you, Bombers!

The Bombers' youthful and enthusiastic curling team members gained valuable experience after several years' absence from LSSAA competition. With some Junior experience, next year's team will definitely become strong opposition for the other schools in Lambton County.

SWIM TEAM - 1995-1996

Above: Swimmer Cherisse Douglas climbs out of the water after a race at the LSSAA meet in Mooretown.

The swimming team has had a successful season that extended from the beginning of November to the middle of March. The team participated in dual meets with the Masters team, St. Clair/LCCVI, St. Pat's and Northern. We also went to the McMaster Invitational in Hamilton and the Clipper Classic at the University of Windsor.

The finale of the season was the LSSAA Championships where the SCI&TS girls won. That was followed up with WOSSA at the Aquatic Centre in London, and finally OFSAA at the Etobicoke

Olympium.

At OFSAA Brent Beaudoin and Lora White had their moments of glory. Brent had a 6th place finish in the finals of the 100 backstroke, breaking his best time and establishing a new school record. He also had a 10th place finish in the 50 fly.

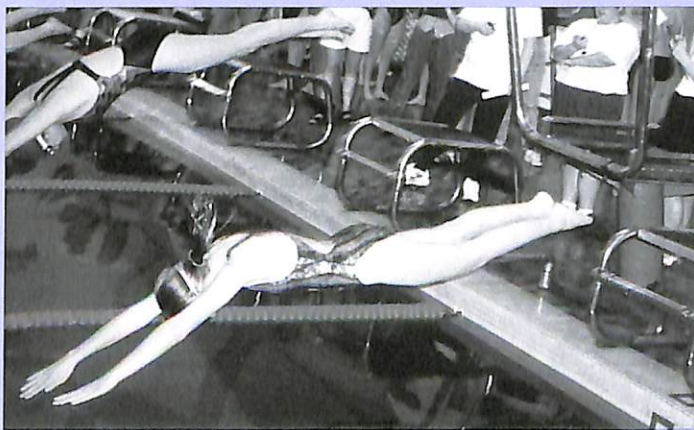

Lora won the consolation final in 100 breast stroke and had the 6th best time of all the competitors in that event. She managed to shave 2 seconds off her best time, and again broke the school record in 100

breaststroke.

Several other school records were smashed by this year's team. As well, the team participated in the Valentine's Heart-Stroke Swim and raised almost \$200 for this worthy cause.

All in all, it has been a great season for the Bomber swimmers. Already, some are looking forward to the great things they will accomplish in the pool next year for Sarnia Collegiate.

GOOD LUCK NEXT YEAR,
LADY BOMBERS!

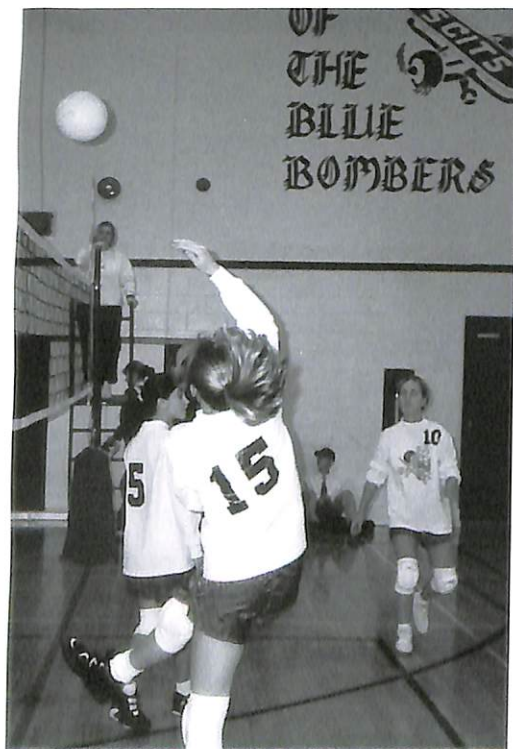

1995-1996 Volleyball Season Results

The Midget Girls' Volleyball Team coached by Mrs. Young finished tied for third this season. The Midget Bombers were defeated in the semi-finals by the eventual league winners, St. Pat's. A promising start for future competitions at the Junior level next year.

The Junior Girls' Volleyball Team coached by Mrs. Amlin were the LSSAA Junior Champions defeating Northern 2 games straight in the finals. Their season also included a second place finish at Medway.

The Senior Girls' Volleyball Team coached by Mrs. Girard started off in a close race with 3 other schools but were unable to make the play-offs, losing 2 starting players to graduation. Perennial finalists, the Senior Team, will be back to their winning ways next year.

The tree they planted outside the school in June of last year is doing well and the composting programs in the cafeteria and Family Studies' rooms have been running smoothly. An elderly clean-up day is being organized for April with the help of both the Environment Club and the Student's Council.

Principal's Message

earbooks have always been a proud part of the SCI&TS tradition.

Congratulations to the staff on the production of the 1995-96 edition, which will take its place with the 80 volumes that preceded it. Together they form a wonderful history of our school.

This one is your history for this past year--enjoy it; share it with your friends and family, and preserve it because in years to come, you will look back on it with wonder. This is, indeed, "the way we were"--the student body, the grads, the sports, the clubs assemblies, the Revue--all of the things that fill our days and make them rich.

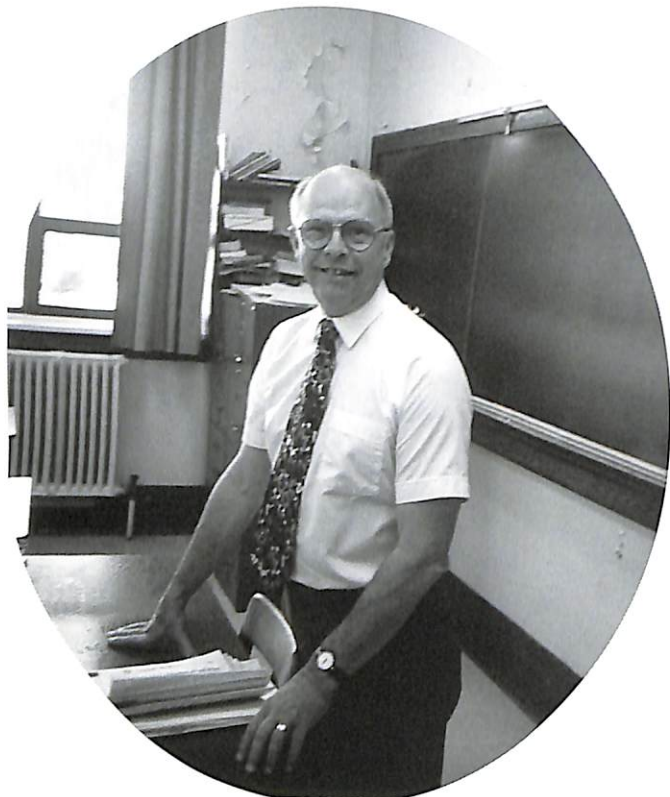

L-R: Mrs. L. Berger, Vice-Principal; Mrs. P. Preudhomme, Principal; Mr. R. Guilbeault, Vice-Principal.

To our graduates, I wish you every success in the future. May you realize all of your dreams. To our undergraduates I look forward to seeing you--in the halls and in these pages next year.

P.A. Preudhomme

Retirees

Mr. Forbes McLellan, Retiree, 1995

Forbes McLellan leaves SCI&TS after a teaching career of 34 years at our school. During that time, he has been head of Moderns and of French. In addition, he has been actively involved with extracurricular activities: the prom, for 9 years, and the Enrichment program and resource centre. He also administered the non-public funds within the school.

Mr. McLellan tells us that he will miss most, the people with whom he has been involved on a daily basis--the students and the teachers.

His message to the students:

I genuinely hope that all students have a career that they love and enjoy as much as I have loved teaching here at SCI&TS.

Mr. David Jones, Retiree, 1995

Mr. David Jones leaves SCI&TS after a stint here of 13 years. He came to SCI&TS at the time when Central Collegiate closed in 1982--along with other staff members.

At SCI&TS, Mr. Jones has been teaching in Technical Department, in his field of expertise--air conditioning.

Mr. Jones will definitely miss the students, and wishes all good things for our SCI&TS students.

George Zigmond retires from SCI&TS' Technical Department after 30 years of teaching at our school. He has spent the last 9 years as Technical Director, teaching drafting for over 20 years, machine, and manufacturing.

Mr. Zigmond's other interests include 10-pin bowling, and archery.

Mr. Zigmond will miss the staff, the whole school environment, the students and the social contacts.

Mr. Zigmond wants all students to realize the increased need for technical skills as technology makes its advances into industry. Consider technical courses of study in your future.

Mr. Zigmond is looking forward very much to his retirement.

Mr. Del Chypyha's career at SCI&TS spans 18 years. He has been an integral part of the Technical Department, teaching in his area of expertise--woodworking.

Mr. Chypyha's handiwork can be seen throughout the school as he constructed the magnificent wooden showcases in the main hallway, and undertook to polish all the wooden handrails on the staircases.

In addition to his Technical Department duties, Mr. Chypyha enjoyed coaching golf. His words of advice to the students: Always work hard!

Happy retirement! We will miss you, Mr. Chypyha.

Mr. George Zigmond, Retiree, 1995

Mr. Del Chypyha, Retiree, 1995

Mr. Gene Siebert, Retiree, 1995

Mr. Gene Siebert retires from SCI&TS this year after a long career with the Lambton County Board of Education. He has been the Head Custodian at SCI&TS for the past 9 years.

It is thanks to Mr. Siebert's care and concern that SCI&TS has managed to win the coveted glory of "cleanest school" in the county.

In addition to ensuring that the halls of our great school are kept in the best repair possible, Mr. Siebert is also a talented professional entertainer. He has demonstrated this talent in the community many times throughout his career.

One addition to the warm atmosphere at SCI&TS has been Mr. Siebert's flowerboxes in the back hallway--always well tended and filled with the latest garden blooms.

Miss Esme Gander, Retiree, 1995

Miss Esme Gander retires from SCI&TS this year after 37 years as office supervisor. She has been part of the school life at SCI&TS for so many years that it will be difficult to get on without her.

Miss Gander attended SCI&TS as a student, and upon graduation entered the school office as a secretary. She immediately became involved with every aspect of the school life.

Miss Gander will miss all the people she came in contact with on a daily basis. It is her hope that in the future all people involved with SCI&TS will honour the great traditions set by this school. Keep up the good work and the spirit of SCI&TS.

Good luck Miss Gander!

Mr. Don Hunter retires this year after a long career with the Lambton County Board of Education during which he has been personally involved in coaching football, basketball and track at various schools in the county.

Mr. Hunter began his career with the Board as a teacher of English and Physical Education. He came to SCI&TS as Vice-principal, and now retires as the Principal, after 4 years in that position, from 1991 - 1995.

Mr. Hunter will miss the students most as he looks forward to retirement. His message for the students: Follow your dreams!

Mr. Don Hunter, Retiree, 1995

Mr. Bob Farrar retires after 33 years with the Board of Education. He has 12 years' experience as a Vice-principal, in 3 different schools.

Prior to his Vice-principal's duties, Mr. Farrar was an elementary school teacher, and later, a teacher at the secondary level, where he has been involved in math and computers.

Mr. Farrar will miss both the staff and the students as he enters retirement. His last message to students: Get as much education as possible and leave all doors open for your future.

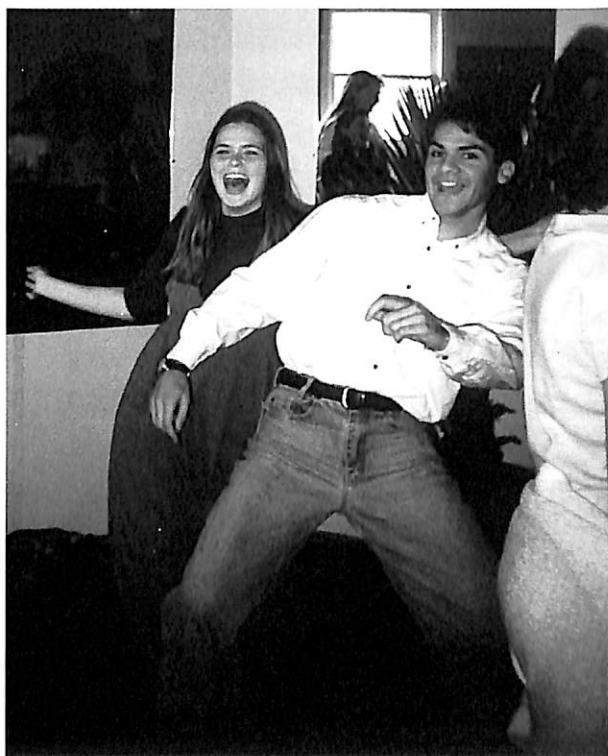

Mr. Bob Farrar, Retiree, 1995

FOREIGN IMPORTS

I'm Vuokko "Vicki" Toffela, from Finland. I'm in Canada on a year exchange program from August 1995 to July 1996. I think SCI&TS is a **BIG** school, but the people are friendly and I am blending in. I especially like the art, phys. ed. and woodshop programs here. Other school activities I enjoyed were the swim team, badminton, and the student's council. It felt funny being the only exchange student in second semester, but I survived! I learned to like Canada very much, and I also picked up a bit of the accent, eh!

Walter Zucca also visited S.C.I. & T. S. from Brazil for a year. He arrived in December 1994, and left in December 1995. Walter was well liked by everyone at Sarnia Collegiate. In this picture, Walter and Erin Kilby are having a great time dancing at a Spanish restaurant called Noche Latina in London for a Spanish field trip.

The end of an era...

With the drawing to a close of the school year 1995-96, the adult classes, which have become such an integral part of the school life at SCI&TS, will disappear from our hallways. Because of controversial provincial funding cutbacks by the Harris government, changes in adult education throughout the province are taking place.

For our adult classes here, very much a part of our school since the inception of the programme in 1979, this means the end of an era.

Below top is the class which began in September, 1995, to graduate in June, 1996: L-R: Elizabeth McMahon, MarkAnderson, Krystyna Unwin,

Carla Horner, Deborah Downie, Celia Fitzjohn, Judy Hamilton, Zenaida Ferreira, Catherine Douglass, Robin Muscato, Margie Kennedy, Shirley Brouwer, Greta Ross, Annette MacKellar, Vickie Comeau, Eileen Stanlick, Alana Nienhuis, and Michael Trombley. Missing: Melanie Zupancic.

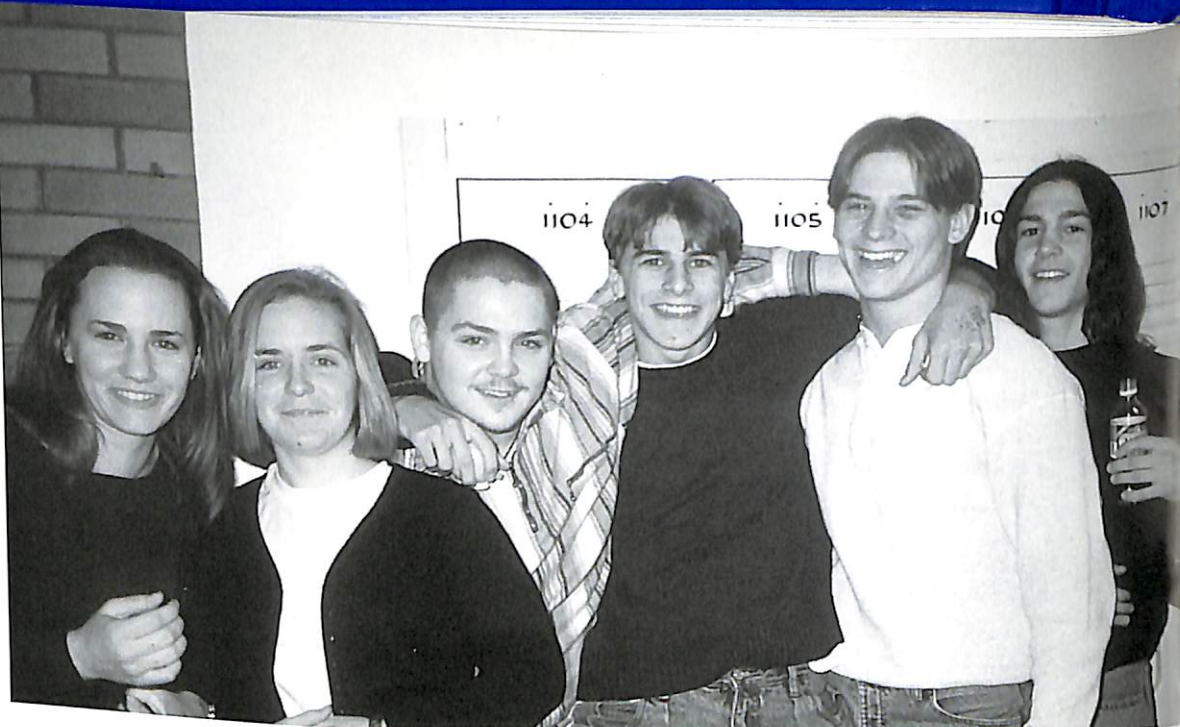

Below is the class which began in February, 1996, to be accommodated in school until graduation, likely December, 1996. Seated, L-R: Gail Counterman, Michelle Sova, Wayne

Rogers. Standing, L-R: Betty Eagan, Joe Fernandes, Claire Cossette, Vicky Howell, Irene Gould, Diane Foster (hiding), Teresa Valdes, Lynn Willemsvandyk, Denise Mills,

S C.I.&T.S.

Much has gone on in the school during the 1995-96 school year. An entirely new administrative staff was welcomed. Mrs. Preudhomme became the new principal, replacing the retired Mr. Hunter. Mrs. Berger and Mr. Guilbeault were welcomed as the new vice-principals, taking over jobs left vacant by the retired Mr. Farrar and Mr. Schiers who transferred to Alexander Mackenzie. We bade farewell to Miss Gander who retired from her job as head

secretary for the last 40 years. Mrs. Jory stepped up to fill that position. Mr. Gene Seibert, the head janitor, stepped into retirement, and Mrs. Anna Cervi took his place. We also said good-bye to Mr. Chypyha, Mr. Jones, Mr. MacLellan and Mr. Zigmund who all retired from teaching. Mr. DunSeith, Mr. Kaija, Mr. Litt, and Mr. Robillard all entered the SCI&TS environment.

An elevator was added to the building, along with ramps in Tech Alley and in the east parking lot to make this 73-year-old building wheelchair-accessible.

In sports, three of our Blue Bomber teams won LSSAA titles. The Jr. Girls' Soccer team convincingly won their second straight title. The Girls' swim team captured another LSSAA title and the Jr. Girls' Volleyball team added a third championship for SCI&TS this year with their LSSAA championship. All three of our Boys' Basketball teams made it to the play-offs for the first time in ten years. (Because of our early final deadline, the yearbook was unable to include results for Track and Field, Sr. Soccer, Badminton, and Rugby.)

REVUE * REVUE * REVUE * REVUE

Although the Revue got off to a slow start this year, hard work and dedication created a memorable show. There was a great deal of involvement by the junior class, which bodes well for future shows.

As usual, our senior girls' kickline was fantastic, and the musical talent excellent in all Revues, there was a good balance between comedy, dance, and song.

Another wonderful success was due to great student and staff co-operation and participation.

Thanks to all who helped!
